

The SUNTOP logo is located in the top left corner. It consists of a square icon with a stylized 'S' and 'T' inside, followed by the word 'SUNTOP' in a bold, sans-serif font.

SUNTOP

The background of the entire page is a dense collection of spools of thread in various colors, including shades of red, orange, yellow, blue, and green. A thick, bright green diagonal line runs from the bottom left towards the top right, separating the colorful spools from a solid green area on the right side of the page.

**Silvertones Speciality
Textiles Private Limited**

About Us

Silvertones Speciality Textile Private Limited is one of the leading manufacturers of all types of Bags & Technical Textiles such as Synthetic Leather, PVC Films & Sheeting, PVC Coated Fabric, Cotton Canvas and Vinyl Flooring and is growing continually at a brisk pace. The fabric finds its uses in various finished products such as Furnishing Upholstery, Automotive Upholstery, Shoes, Garments, Bags, Purses, Shoe-Upper, Shower-curtains, File-folders, Table mats, Diary covers, Rainwear and various types of Vinyl floorings.

Silvertones Speciality Textile Private Limited came into existence under the light of V.K Chawla having an experience of over three decades in the artificial leather cloth industry, as an endeavour to fulfil the ever-growing needs of the Technical Textiles such as Synthetic Leather.

Mission Statement: To provide high-quality synthetic leather products that exceed customer expectations and contribute to the growth and success of our clients' businesses.

Vision Statement: To become the leading manufacturer of synthetic leather products worldwide while maintaining our commitment to ethical and sustainable business practices.

VALUES:

- **Quality:** We are committed to delivering the highest quality products and services to our customers.
- **Innovation:** We constantly strive to innovate and improve our products and services to meet the changing needs of our customers.
- **Sustainability:** We are committed to conducting our business in an environmentally responsible and sustainable manner.
- **Ethics:** We conduct our business with the highest level of integrity and ethical standards.
- **Customer Focus:** We are dedicated to providing exceptional customer service and exceeding our customer's expectations.

Our Services

Our company takes pride in offering a comprehensive suite of services tailored to exceed client expectations. From concept to execution, we specialise in:

- **Product Design and Development:** Crafting innovative solutions that resonate with market trends and consumer preferences.
- **Manufacturing Excellence:** Leveraging technology and streamlined processes to ensure top-tier quality in every product.
- **Customization Services:** Meeting unique client requirements through personalized design, manufacturing, and finishing options.
- **Consultation and Technical Support:** Providing expert guidance and support to clients throughout the product and manufacturing lifecycle.
- **Sustainable Solutions:** Offering environmentally conscious options, aligning with our commitment to sustainable and ethical business practices.

In essence, our services are a testament to our dedication to client success, innovation, and quality across the entire value chain.

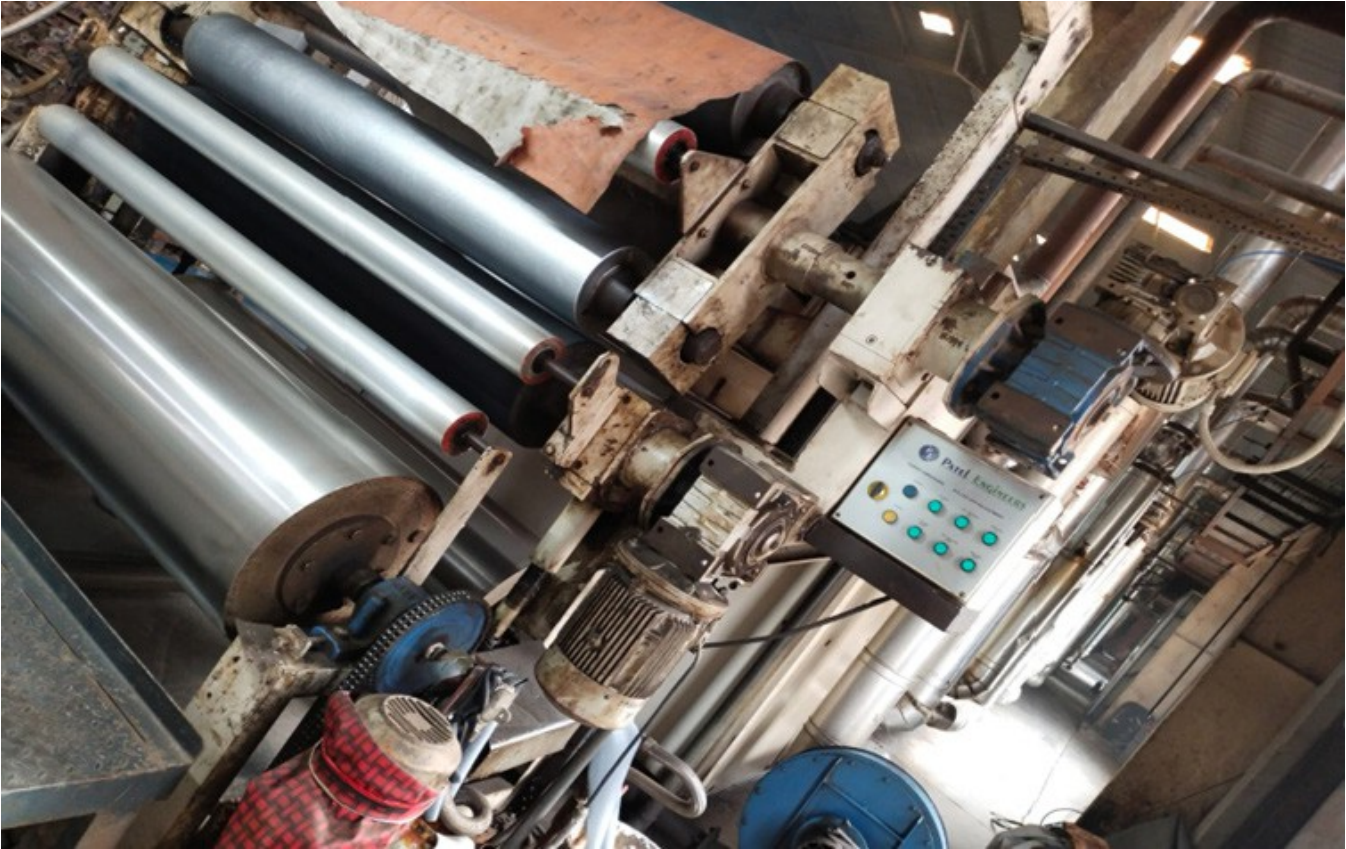

Applications

Coated Fabrics

Installed by Patel Engineers

Digital Printing

Installed by Vee Kay Enterprises

Fusing Machinery

Fusing machinery is crucial in the textile and garment industry, especially for processes like bonding fabrics or adding fusible interlinings to garments. This machinery enables the bonding of fabrics through the application of heat and pressure. Here are some key aspects of fusing machinery:

Laminated Fabric Machines

Laminated fabric machines are specialized equipment used in textile manufacturing to create laminated fabrics by bonding different layers of materials together. These machines are pivotal in the production of various textiles with enhanced properties like strength, durability, waterproofing, or aesthetic appeal. Here are key aspects of laminated fabric machines:

Our Strengths

Strengths

- **Innovative Product Portfolio:** A diverse range of cutting edge products that cater to evolving market needs.
- **Quality Assurance:** Stringent quality control measures ensuring consistently high quality products.
- **Customer Centric Approach:** Strong commitment to customer satisfaction, evidenced by responsive support and tailored solutions.
- **Robust Supply Chain:** Efficient and reliable supply chain management, minimising lead times and ensuring product availability.
- **Environmental Sustainability:** Demonstrated commitment to eco-friendly practices and sustainable manufacturing processes.
- **Strategic Partnerships:** Establishing and nurturing key partnerships to enhance product offerings and market reach.
- **Skilled Workforce:** A team of highly skilled professionals dedicated to excellence, innovation, and continuous improvement.
- **Technological Prowess:** Leveraging advanced technologies to stay ahead of industry trends and enhance operational efficiency.
